Mr. Marion Johnson
The National Archives
Washington, D.C.

Dear Mr. Johnson,

In going over the materials I have obtained from those staff papers recently released, I note I am missing a letter or memorandum from Wesley Liebeler to J. L.. Rankin in which Liebeler expresses his appreciation for the opportunity to have served with Mr. Rankin. If my recollection is not in error, I believe Burt Griffin also signed this document.

It now seems to me that this was in one of the Rankin files, in either Box 4 or Box 3. I would appreciate a copy by mail at your earliest convenience.

Also, from Document 126, it seems that in photocopying a series of pages the one numbered 23 was inadvertently skipped. I would also appreciate a copy of that by mail.

Thank you very much.

Sincerely yours,

Harold Weisberg
